

Encapsulating Pre-Spray Treatment

Environmentally Responsible

A perfect pre-spray for heavily soiled traffic areas. Breaks down tough grease and dirt. For high powered cleaning, use in conjunction with Encapsulating Extraction Cleaner.

Key Benefits of Encapsulating Extraction Cleaner

- Leaves no harmful residue
- Prevents soil wicking
- Eliminates rapid re-soiling
- No sticky residue
- Carpets stay cleaner longer

Traditional detergents leave behind sticky residues that lead to rapid resoiling. The Structured By Nature encapsulating detergent dries into a hard crystalline material that fractures off the carpet fiber during the dry vacuuming process. An important benefit of encapsulation is that any residue left behind is of a non-sticky nature, and consequently does not result in rapid resoiling.

Polymer attaching to the fiber

Encapsulating Pre-Spray Treatment

Breaks down tough grease and dirt

Economical - Dramatic labor and chemical savings realized by the customer.

Versatile - Can be used with the latest low moisture equipment and also compatible with traditional carpet cleaning equipment

Chemical program enhanced by the Certified Pile Brush. Nothing is more effective at removing dry soil. Plus the environmental benefits of no solution or recovery tanks to service.

Encapsulating Pre-Spray Treatment
Also available 55 gallon drum

Gallon 4/case

128SBNSPT

5 Gallon each

DIRECTIONS: Shake well before using. Test fabric in inconspicuous place for color fastness before using.

1. Dilute 8 oz. (237 mL) of Structured By Nature **Pre-Spray** to 1 gallon (3.78 L) of water.
2. Spray solution on carpet to be cleaned.
3. For best results, agitate with a carpet rake or agitation machine.
4. Allow 5-10 minutes of dwell time, DO NOT allow pre-spray to dry before extracting.
5. Clean carpets in the usual manner.
6. Vacuum carpet thoroughly when dry.

NOTE: Freezing will not affect cleaning power. Thaw, shake well and use.

Seeing is Believing! The Difference is Crystal Clear

When using Encapsulating Cleaners, The Secret Is In The Savings...

By switching to encapsulating cleaners you can reduce cleaning frequency and labor costs by up to 50% without sacrificing cleanliness!

Self-Contained Extraction Procedure

Production Rate = 2,000 sq. ft/hr

Spin Bonnet Procedure

Production Rate = 1,100 sq. ft/hr

Yearly carpet maintenance cost estimate

- 55,000 sq. feet of carpet
- Labor calculated at \$10.00 per hour

Our Structured By Nature Line is made up of 6 great products

SHAMPOO/SPIN Cleaner

A quick drying Shampoo/Spin cleaner which incorporates Encapsulating technology to bind the soil, which is then removed through daily vacuuming.

16 oz. per gal.
128SBNSHP

Diluted pH 7.5-8

All-Purpose SPOTTER

Encapsulating Carpet Spotter is an ideal, all-purpose spotter that breaks down a wide range of spots and stains. Used in the same manner as a traditional spotter, but does not contribute to re-appearing spots.

RTU
32SBNRTUSP

EXTRACTION Cleaner

A concentrated cleaner that can be used with any type of carpet extraction equipment. Provides one pass cleaning, and is compatible with high heat equipment. Leaves no sticky residue behind.

2 oz. per gal.
128SBNEXT

Diluted pH 7.5-8.5

Encap PLUS

EncapPLUS powered by OXY-Force® is an ALL-IN-ONE cleaner and boosting agent. This oxygenated encapsulating, multi-purpose cleaner, is ideal for locations that need only one product to do it all.

Multi Dilution
128SBNOXY

AFTER RINSE

Encapsulating fabric rinse for carpet and upholstery. This low pH solution is used as the final step in wet cleaning. After Rinse removes any remaining residue, helps prevent browning or yellowing and leaves the fabric with a soft feel and helps prevent rapid resoiling.

4-6 oz. per gal.
C282-005

Diluted pH 2.5-3
