

ADENNA® FEL110B-N EARLOOP FACE MASKS

ADENNA® brand earloop face masks meet the ASTM F2100-11 requirements as Performance Level 2 Barrier medical face mask.

The inner layer touching the wearer's face is a unique material that is ultra soft and very comfortable on the skin. These face masks are 100% latex free and fiber glass free. The nose piece is metal free but conforms to wearer's face for a comfortable fit

Variance in mask and packaging is (3-fold) FEL110B-N vs. (4-fold) FEL110B. Due to the Covid-19 urgent demand FEL110B-N is being manufactured and packed into our current FEL110B packaging.
